MICRO ATM- AEPS

In order to further speed track Financial Inclusion in the country, Two Working Groups were constituted by RBI on MicroATM standards and Central Infrastructure & Connectivity for Aadhaar based financial inclusion transactions with members representing RBI, Unique Identification Authority of India, NPCI, Institute for Development and Research in Banking Technology and some special invitees representing banks and research institutions.

The working group on MicroATM standards & Central Infrastructure & Connectivity has submitted its report to RBI. As a part of the working group it was proposed to conduct a Lab level Proof of concept (PoC), integrating the authentication & encryption standards of UIDAI, to test the efficacy of MicroATM standards and transactions using Aadhaar before they are put to actual use. The PoC was successfully demonstrated at various venues.

AePS is a bank led model which allows online interoperable financial inclusion transaction at PoS (MicroATM) through the Business correspondent of any bank using the Aadhaar authentication. AePS allows you to do six types of transactions.

The only inputs required for a customer to do a transaction under this scenario are :-

A. Bank Name B. Aadhaar Number C. Fingerprint captured during enrollment

INSURANCE

An insurance Agent/Advisor is an intermediary who brings together the insurance company and the customer and helps in generating a sale. Furthermore, the advisor is tasked with advising clients on the right product, assisting in filling up of forms, helping clients at the time of a claim, etc. Thus, an advisor plays multiple roles.

TICKET BOOKING

Travel provides opportunity to their agents to book Railway, Flight, Bus tickets and Hotels under the single interface.

TRAIN TICKETS

Our agents reserve a train ticket for the customers or traveler, provide a medium for becoming an IRCTC authorized train ticketing agent, and get an instant commission on the sale of any ticket. All training and explanations will be provided to the new IRCTC ticket agent that offers best-in-class customer service.

FLIGHT TICKET

We offer domestic and international ticketing solutions with all available combinations and airlines. Agents can instantly book and confirm tickets and earn attractive flight booking commission.

BUS TICKET

We provide an interface through which we enable the search and reservation of tickets online. The agent can book and confirm tickets instantly using this interface and get attractive margins on each reserved ticket.

HOTEL BOOKING

We have a huge database of hotels across cities. We cater to all budget and star categories and offer instant booking and confirmation in a single interface. The USP of this service is that we guarantee room availability at highly discounted prices which are a great value to our customers.

FASTAG

Add money to your FasTag Account Scan the label when passing through the plaza walking through the plaza FasTag is a reloadable label that automatically deducts tolls and allows vehicles to pass through toll booths without stopping payments. It uses radio frequency identification (RFID) technology to make cash less payments through prepaid accounts associated with it.

FasTag is valid for five years and comes in seven different colors - purple, orange, yellow, pink, blue, green and black. Assign a specific color to each type of vehicle. FasTag is currently operating at more than 450 Toll Plazas on national highways. More cities and state plazas will land in the future.

HOW IT WORKS ?

- * Add money to your FasTag Account
- * Scan the label when passing through the plaza
- * Walking through the plaza

We are authorized sales and service provider for "FasTag" product in India .We have the facilities of FasTag recharge online and FasTag recharge agents for distributing products in India.

COMMON SERVICES (CSC)
